Hi Tina;

Attached is DEQ-12 v6.8 (latest). I have track changed everything I did and also put in comments so you can see why. Please let me know if this seems to capture the items on our laundry list from Amana and the league and others. Please pay particular attention to the changes to the individual variance changes to see if they make sense.

I will be shooting you updated rule and DEQ-12 versions this week as we hope to get the rules and DEQ-12 more or less finalized so that John North (legal) can review them on Friday or next Monday. That will in turn determine if we get to the BER on Dec 6th or not.

Thanks, Mike
